

### Warm up with our Woodchip Logs & Kindling

The UK has experienced a brilliant summer of record breaking temperatures and clear blue skies. Unfortunately, all good things must come to an end. With the weather getting colder and the days getting shorter its probably time to cuddle up to the fireplace or turn up the heating. At Mid Hants we have a variety of wood products available to keep you warm.(See Right)

#### 1. Woodchip

We have woodchip suitable for the following applications, these include:

- Fuel for wood chip boilers
- Private and public pathways
- Bridleways
- Gallops
- Garden mulch/border cover

#### 2. Kindling

We supply high quality kindling in large pre-packed bags which we think is better value for money and allows for easier storage. Our kindling can be bought on its own or in conjunction with logs. Our kindling bags are suitable for lighting open fires, multi fuel stoves, BBQs and fire pits.

### Charity Work
